OPERATION OF AVANTI SERVICE LIFT MODEL DOLPHIN

E-LEARNING MODULE

Target group: Everyone operating an Avanti Service Lift model Dolphin.

Goal: To enable a participant to safely conduct a correct inspection of the lift before use and to operate the service lift during normal and abnormal conditions.

Objectives: To teach the participant the key components of the service lift, as well as the correct way of inspecting the components before daily usage of the lift. The participant will gain knowledge of how to operate the lift and how to react during abnormal conditions including how to evacuate from the lift.

Content:

Chapter 1 - Introduction to the e-learning

Chapter 2 - Key components and their function

Chapter 3 - Daily inspection of the lift

Chapter 4 - Operation of the lift

Chapter 5 - Abnormal conditions and evacuation

Duration: 2.5 hours

Validity: 24 months

Internet Browser Compatibility:

- Android Tablet or iPad (Smartphone not recommended)
- PC or Mac

PC/Mac minimum: Intel i3, 1.5GHz, 2GB ram, Windows 7 with latest Google Chrome 32 bit browser.

PC/Mac recommended: Intel i5, 2GHz, 4GB Ram, Windows 8.1 / 10 or Mac OS 10.10 with latest 64bit browser (Google Chrome, Mozilla Firefox, Microsoft Edge, Apple Safari or Opera.)
